Music lessons at your collage
Dear Mx
My name is Jonathan Kelly. I was looking for colleges to apply to and I couldn't help but to notice that you offer music classes. I hope you don't mind, but I have some questions regarding that.
As I am quite interested in classical music, I hope to learn the cello. Is that an instrument and genre that you teach at the college? Another thing I wondered is how much this would cost.
I hope you find it in your interest to respond in the shortest possible time.
Yours faithfully
Jonathan Kelly
